Henry W. Savage has the reputation of exploiting the right kind of material in the right kind of way, but in "The College Widow," the George Ade comedy which comes to the opera house next Friday evening, Mr. Savage is said to have fairly and fully outlined himself. A surprisingly capable company of some forty people and a production of great beauty places the attractiveness of the play beyond dispute, especially as the piece itself is the cleverest of its kind presented in many years.

Anyone who has the slightest doubt that football is an immensely popular game with the American public will have all question dispelled from his mind by watching a performance of "The College Widow," which comes to the opera house next Friday evening. The mimic game played off on the stage and described by the various characters, backed by a grandstand of swaying, hooting "rooters," works the audience to the highest pitch of excitement and when at length the hero of the day is brought in on the shoulders of the crowd the enthusiasm is unbounded. Henry W. Savage is sending a very strong company to this city.

On complaint of driving his family into the street Joseph Joben was arrested by Patrolman Carle last evening. In city court this morning the respondent pleaded guilty to a breach of the peace and was sentenced to not less than thirty and not more than forty days in the house of correction at Rutland. This was not Joben's first appearance. He was up recently for whipping his daughter, who tried to commit suicide afterwards by taking poison prior to that he was up for whipping his horse. Yesterday Joben was making short work of the furniture when taken by the policeman.

Information.

The train had stopped for water at a little station in the country.

The passenger with the skullcap, seeing a lone native standing on the station platform, addressed him.

"Farmers around here seem to have been cutting a good deal of hay this morning," he said.

"Yes, sir," answered the native.

"They're taking risks. Don't you think it looks like rain?"

"Sort o'."

"What do you suppose they will do if it does rain?"

"I reckon they'll have sense enough to get in out of it, mister."—Chicago Tribune.

STEAM DUPLEX SPONGER.

Increased sales of Dress Goods has made it possible for us to install in our store the latest and most improved sponging apparatus. It has the popularity of being the only Sponger that will refinish the goods at time of sponging. It's an expensive machine and so constructed as to do work as it should.

DUPLEX STEAM SPONGER.

All Dress Goods should be sponged whether half cotton or all wool. Velvets will not spot if put through this process. Furs can be refinished and made to look like new. It's one of the inventions of the age.

Dressmakers will welcome this new process of sponging, as poor hanging skirts are often due to half sponging rather than to any neglect or mistake of Dressmaking. It's impossible to do a good sponging job in the old way.

Sponging and Refinishing done by the Spotless Steam Sponger at 5c Per Yard.

THE TOUCH THAT TELLS

DUPLEX STEAM SPONGING

If you have ever had sponged a piece of broadcloth you know that it looked more like flannel after sponging than two dollar broadcloth. This process sponges broadcloth and turns it over to you with its original finish, and we warrant it not to spot.

Silks and velvets and even thin silk muslins can be sponged and refinished; no goods too delicate either in texture or color. Goods mussed up and decidedly out of shape if in the web can be made to look new again.

Why Our Sausage IS BEST

Everybody knows that our Sausage is the Green Mountain Brand. Everybody knows, too, that the Green Mountain Brand is the best Sausage to be had. Why is this the case? Well, we will tell you. In the first place, we use nice pieces of pork in its manufacture. Secondly, we make it in a clean place and the men who work in our Sausage factory are clean. In the third place, and chiefly, we know how to make it.
